Hello Mr. Teboe,

The reason for my call is to find out if your Tribal leadership would be attending the Great Plains Tribal Chairman's Association Meeting that will be held in Rapid City, SD at the end of Sept and if you might be there, too. We are looking for a way to meet with you and your Tribal leaders to discuss the proposed Dewey-Burdock uranium recovery project in the southern Black Hills near Edgemont, SD. The EPA is working with the GPTCA to have a meeting session when we could talk with Tribal leaders about this project.

Another opportunity would be to meet at the EPA Region 7 office in Kansas City. Please let me know if either of those meeting places would work for you. If Kansas City is a good option for you, what is a timeframe that would be convenient for you and your Tribal leaders?

Thanks!

Valois
